**What is Working Gear?** Working Gear is a non-profit organization based in Vancouver focused on providing men with working attire. We assist local men including refugees, new immigrants, recovering addicts, and aboriginal youth, seeking to re-enter the workforce with interview-appropriate attire (suits, shirts, dress shoe) and construction gear (steel-toe boots, hard hats). Working Gear works with government agencies (e.g. WorkBC, MOSAIC, etc.) and local community groups (e.g. YMCA, UGM) in serving its mission. [www.workinggear.ca](http://www.workinggear.ca)
